Anthem BlueCross

PLEASE READ: As you consider making changes to your coverage, it is important to understand how those changes may be impacted by the new health care reform legislation. The new legislation includes a provision called "grandfathering." Specifically, the "grandfathering" provision allows members who were enrolled in certain plans on or before March 23, 2010 to have what is known as "grandfathered" status. Their plans are "grandfathered plans" because several of the new health care reform changes will not affect them. In addition, the mandated benefits that will apply to grandfathered plans will have a limited impact on grandfathered plan premiums. It is important to note that grandfathered status will be lost if any changes are made to decrease plan benefits, increase the coinsurance levels, or significantly change deductibles or copay limits. It can also be lost by moving to a new product family, or changing insurance carriers. However, spouses and dependents can be added to a grandfathered family plan. In some limited cases, you may be able to move to another plan and maintain your grandfathered status if you are currently on a grandfathered policy (see Grandfathered to Grandfathered Plan Option Matrix.).

Grandfathered to Open PPACA Plan Option Matrix
February 1, 2012
